Instructions:

Booties (Filzwolle Funky):

The booties are started at the heel.

Cast on 32 sts (see chart for other sizes) and work in stockinette stitch for 33 rows. Divide the stitches onto 4 larger dpns (4 x 8 sts) and close rnd. Work even until rnd 27 (see chart) then work toe. In every following rnd k2tog at the end of each needle (- 4 sts per rnd) and cont until only 2 sts rem on each needle. Cut yarn and thread through these 8 sts. Pull together to close hole and weave in ends.

Finishing (felted shoes):

Fold back seam (= cast on edge) in half and close seam as flat as possible using Filzwolle.

Felting:

Wash the house shoes (only one pair at a time) in the washing machine at 40°C (warm water) using the wash cycle for cotton or coloured clothing (approx. 2 hours), spin cycle approx. 800-1000rpm, do not use a short cycle or water saving program. Add a small amount of detergent without optical brighteners or softeners. Do not add softeners to the load. To assist the felting process add 3 tennis balls to the load. After the felting process remove immediately from the machine and shape the shoes into form (it helps to put the wet shoe on your foot to stretch properly). Allow to dry out of direct sunlight. **Tip:** If you feel the shoes didn't felt enough or are too large, you can repeat the washing cycle again. If the shoes are too small you can stretch and pull into shape while still wet.

Ribbing in Hot Socks Arco, Madena or Lago 6-ply:

Cast on 104 sts and divide evenly onto 4 (smaller) dpns (4 x 26 sts). Work in ribbing pattern for 16 cm (= 56 rnds). Then cast off all sts in pattern. Sew ribbing onto felted shoes using matching sewing thread matching the cast on edge of the ribbing to the opening of the shoe. Fold down.

Tip: To make other sizes cast on more or less sts as needed.
