Stitches and abbreviations (UK)

Magic ring

Ch	chain
St	Stitch(es)
Dc	Double crochet
Dcblo	double crochet back loop only
Slst blo	slipstitch back loop only

Ss- Spike stitch: Do not insert your hook through the 2 loops of the single crochet from the previous round, but under the entire single crochet from the previous round, above the horizontal line.

Cdc- Crossed double crochet: This is a double crochet but with a difference. Insert, do not yarn over as normal with the yarn over your hook (yarn over), but with the yarn under your hook (yarn under), so exactly the opposite of what you normally do (2 loops on the needle). Now yarn over normally (yarn over) and pull the yarn through both loops on the hook.

Ldc- Lower double crochet: Insert the hook between the two vertical loops of the single crochet from the previous Round (so not in the 2 loops at the top of the single crochet, but in the middle of the V at the front of the single crochet) and finish the single crochet as usual

Pattern info and tips

The baskets are worked in a spiral, so you never close the rounds, but just continue to the next round. Always mark your first stitch of the round, so you can see when you have finished another round.

If your work is very loosely, take a smaller needle, the baskets really have to be firm, so the tighter the better.
